Repair Range

## allmedic™ 30g - allclear Lotion

Features	Benefits
Niacinamide (Vitamin B3) 5%	Helps reduce redness and swelling. Combats the Oxidative stress of free radicals. Stimulates repair of DNA damage.
A combination of acids in an osmotic gel	Inhibit hyperkeratosis, reduce oil production and inactivates bacteria. Size of the pore appears reduced due to the decrease in oil production & decongestion of the pore opening.
Contains Pirotone Olamine	Antifungal and antibacterial actions.
Contains Papain an enzyme (protease) and natural keratolytic	Helps to unclog the pore, which allows oil from the sebaceous gland to move freely out of the pore.
Unique formulation	Ingredients fight against the four parameters responsible in the acne process being: hyperseborrhoea, hyperkeratosis, inflammation and bacteria proliferation.
A non greasy face and body lotion	Suitable for use on all affected areas, especially the face, neck, chest and back as part of the skincare regime for mild to moderate acne and oily skin.
